INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or for others.

A farm *laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steam lines should check "Landed" before sailing. The space is for use of Government officials only.

Column 4 (*Name*).—The answer to this question must be given for all persons, including infants, applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M or F, to denote male or female.

Column 6 (*Married or single*).—The answer should be M, married; S, single; Wd, widow or widower; D, divorced.

Column 7 (*Calling or occupation*).—The entry should show what each person is able to and will work at, specifically, in his present or last occupation, trade, or profession or calling, as laborer, mason, carpenter, bricklayer, tailor, tailoress, dressmaker, locomotive engineer, mining engineer, blacksmith, etc. It is not sufficient to state that a man has been simply an engineer, jeweler, mariner, farmer, or servant. He should state what kind.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm either for himself or as a tenant.

A farm laborer is one who works on a farm for wages or salary.

Steamship companies should make this distinction when the manifest is made out, and the agent should, if necessary, by proper questioning, ascertain which class each person belongs to.

Column 8 (*Able to read or write*).—Here should be entered the answer to the question, "Can you read?" "Can you write?" or "Can you read and write?" Read what language (or if any) and write what language (or if any). The answer should be entered in the language or dialect the alien is able to read or write. If he can read and write, but can not write in the English language, the fact should be stated. If he can read and write, but can not read English, the fact should be stated. If he can read and write English, but can not read or write any other language, the fact should be stated. Persons who can read and write are exempt from the reading requirement, those who can read only are not exempt, and those who can not read are not exempt.

Column 9 (*Nationality*).—Quite frequently a person is a native of one country and a subject or citizen of another. The answer should be the country of which the alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of the sheet. The entry should be the race or people as given in said list.

Special attention should be paid to the distinction between race and place of birth, each of which is a subject, country of last permanent residence, and race or people. Each application should be carefully reviewed by inspectors and boarding officers in charge, and the latter should, after the manner of entering the head of country does not govern. Usually, but not always, people born in Russia, Austria, or Hungary, under the head of race or people should be given as Hebrew, Polish, Bohemian, or Magyar, as the case may be. Natives of Ireland should be recorded properly as to race, under the same rule as natives of Scotland, Germany, or other countries. In this connection the following discussion, relative to races, will be observed:

CUBAN

The term "Cuban" refers to the people of the island of Cuba.

WEST INDIAN

"West Indian" refers to the people of the West Indies, but that either Central or South America.

SPANISH AMERICAN

"Spanish American" refers to the people of Central or South America, of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether born in Africa, the United States, the West Indies, North or South America, Europe, or Africa. Any alien with African blood in his veins should be classified as an African Negro, or black.

ITALIAN (NORTH)

"Italian (north)" refers to the people of Italy north of the latitude of the mouth of the River Po, i. e., the provinces of Piedmont, Liguria, Lombardy, Venetia, and Emilia, and those districts, wherever residing, in Italy, Switzerland, Austria, Hungary, or elsewhere, which were formerly a part of Italy, should be classed as "Italian (north)." Most of these people speak a language that is called the Italian language.

ITALIAN (SOUTH)

"Italian (south)" refers to the people of Italy south of the latitude of the mouth of the River Po, i. e., the provinces of Piedmont, Liguria, Lombardy, Venetia, and Emilia, and those districts, wherever residing, in Italy, Switzerland, Austria, Hungary, or elsewhere, which were formerly a part of Italy, should be classed as "Italian (north)." Most of these people speak a language that is called the Italian language.

Column 11 (*Last permanent residence*).—Actual or intended residence for one year shall constitute permanent residence. The latter is the answer to be given. If not intending to remain one year in the United States, the answer is "Passing through" or "Visiting friends" or "Temporarily" or "Business," or whatever may be the case. The entries should show the country only. Thus, "Paris" is not sufficient, but "France" is sufficient. The entries should show whether the last residence was in a civilized or uncivilized country. It is important for statistical purposes that the last permanent residence be correctly stated. The permanent residence indicated should be that of the alien himself, regardless of family or other relations.

Canadians, Englishmen, and others frequently visit the United States for short periods, sometimes for years, as residents of the United States and return to their native countries, sometimes intending to become residents of the United States. The question is intended to bring out the facts in relation to such cases. If the alien has been in the United States for one year or more, and intends to remain here permanently, he should be recorded "United States." If he has been in the United States for one year or more, but intends to return to his native country to live permanently, he should be recorded as "Canada," "England," etc., as the case may be. If he has been in the United States for less than one year, and intends to remain here permanently, he should be recorded "United States." If he has been in the United States for less than one year, but intends to return to his native country to live permanently, he should be recorded as "Canada," "England," etc., as the case may be. If he has been in the United States for less than one year, and intends to remain here temporarily, he should be recorded as "Canada," "England," etc., as the case may be.

Column 12 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show whether going to join relative or friend, and if so, what relative or friend, with name and complete address.

Column 13 (*Whether ever in prison, etc.*).—The entry should be Yes or No, as the case may be.

Column 14 (*Whether a polygamist*).—The answer should be either Yes or No, as the case may be.

Column 15 (*Whether coming under contract to perform labor*).—The entry should show by whom passage was paid, as "self," "friend," "father," "employer," "United States Government," etc.

Column 16 (*Whether in possession of $50 and if less how much*).—The answer should be Yes or No, as the case may be. If the alien has less than $50, the exact amount should be shown. Money order should be treated as money. If a family should be recorded as in possession of $50 if the head of the family has that amount.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether the alien has been in the United States before, and if so, the year or period of years and place, as "1907, New York."

Column 19 (*Whether going to join a friend, and if so, what relative or friend*).—The answer should show whether going to join relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions require explanatory and the answers should be all others on the sheet are self-explanatory. However, in answering question 26, if an alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the fact of such application should be given.

EXTRACT FROM IMMIGRATION ACT OF FEBRUARY 5, 1917.

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship agents should not fill in this column. It is for use of Government officials only.

Column 3 (*Alien No.*).—The answer to this question should be expressed in figures, the latter applying only to those admitted to the United States.

Column 5.—The entry should be either Male or Female.

Column 6 (*Married or single*).—The answer should be "Married" or "Single" or "Widowed" or "Divorced."

Column 7 (*Calling or occupation*).—There is no necessity here to describe minutely the character of one's trade or profession, as the following will suffice: Actor, actress, agent, artist, author, baker, barber, blacksmith, bookbinder, boy, butcher, carpenter, chemist, clerk, cook, dancer, dressmaker, driver, engineer, farmer, fireman, gardener, girl, housekeeper, housework, laborer (specify kind), lawyer, locksmith, machinist, manufacturer, mason, merchant, miller, miner, musician, painter, peddler, physician, porter, saddler, sailor, servant, shoemaker, stenographer, stockman, tailor, tanner, teacher, tinsmith, weaver, wheelwright, without occupation, etc.

A distinction should be made between a laborer and a skilled workman, such as mason, carpenter, shoemaker, etc., as follows:

A common laborer is one who performs unskilled labor, and who does not follow any trade, or who does not follow any trade in which he has learned the principles or gained the experience necessary to the practice of a skilled trade.

A farmer is one who operates a farm, either as owner or tenant.

A farm laborer is one who works on a farm for wages.

Stewards, cooks, and others employed on vessels, and who are discharged from the vessel at the port of arrival, should be described as such, and not as passengers.

Column 8 (*Able to read or write*).—Every alien over fourteen years of age, physically capable, can read and write some language, and should be so recorded unless it is known that he is not literate. Persons who can read and write their own language, but not English, should be recorded as able to read and write. Persons who can read English, but not write, should be recorded as able to read but not write. Persons who can write, but not read, should be recorded as able to write but not read. Persons who can neither read nor write should be recorded as unable to read or write.

Column 9 (*Nationality*).—Question 9 should be answered by stating the name of the country to which each alien owes allegiance, whether he is a citizen or subject.

Column 10 (*Race or people*).—See list of races or peoples on back of this sheet. The race should follow the race or people as given in said list.

Special attention should be paid to the distinction between race and citizenship (nationality). A Welshman may be a British subject, a native or citizen of the United Kingdom, and a resident of Great Britain, but he belongs to the Welsh race or people. A Scotchman is a native of Scotland, a British subject, a native or citizen of the United Kingdom, and a resident of Great Britain, but he belongs to the Scotch race or people. An Irishman is a native of Ireland, a British subject, a native or citizen of the United Kingdom, and a resident of Great Britain, but he belongs to the Irish race or people. A native of Canada is a British subject, and should be so recorded, but he belongs to the English, French, Scotch, Irish, or other race or people according to his parentage and descent, though his children born in Canada of foreign parents may be entirely native Canadian in race. A native of Mexico is a citizen of the Republic of Mexico, but he belongs to the Spanish, Indian, Negro, or other race or people according to his parentage and descent, or to a mixture of two or more races or peoples. The term "Hebrew" is not a race or people, but "Jew" is. "Hebrew" appearing on the head of a race or people does not mean "French" because of its adjective, nor "Jewish" appearing on the head of a race or people does not mean "France" by country. An Irish German, or Hebrew actuated by race might properly come under the heading of Ireland, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people and not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

German

Portuguese

ITALIAN, NORTH.

The people who are natives of that portion of Italy north of the line of the Rivers Po, Arno, and Tronto, comprising the provinces of Piedmont, Liguria, Lombardy, Venetia, and Emilia, and the Republic of San Marino. Most of these people speak a Gallic dialect and are often known as "Italians north."

ITALIAN, SOUTH.

The people who are natives of that portion of Italy south of the line of the Rivers Po, Arno, and Tronto, comprising the provinces of Tuscany, the Marches, Umbria, Rome, Abruzzi e Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and the Papal States. They should be classed as "Italians south."

Column 11 (*Last permanent residence*).—Only the country should be given. Two years shall constitute permanent residence. Precise information should be obtained as to the length of time claimed as residence. Thus, a residence of a few months in a country one year should not be recorded as residence therein. The entries Europe, Asia, Africa, England, Great Britain, Ireland, Wales, Scotland, Germany, France, Russia, Turkey, Spain, Portugal, Italy, China, Japan, India, Mexico, Cuba, Haiti, Santo Domingo, Central America, South America, Australia, New Zealand, Canada, Newfoundland, Boer Republics, Philippine Islands, Hawaii, Porto Rico, Samoa, Tutuila, Guam, Tasmania, Borneo, Java, Sumatra, Africa, Arabia, Persia, Palestine, etc., are wholly insufficient and indefinite. Persons who have resided in Great Britain and Ireland should specify England, Scotland, Wales, Ireland, Great Britain, or United Kingdom, as the case may be. Persons who have resided in Turkey, Russia, Austria-Hungary, Germany, or other countries containing different races or peoples should specify the particular race or people of which they were subjects. Residence in the British Dominions, Colonies, or Possessions should be specified as such, and not as residence in Great Britain or the United Kingdom. The entry should be the country of last permanent residence, if within the United States.

Column 12 (*Whether ever before in the United States, and if so, when and where*).—The answer should be either Yes or No. If Yes, state when and where. If the last previous permanent residence was in the United States, state where it was.

Column 13 (*Whether going to join a relative or friend, and if so, what relative or friend, and his complete address*).—The answer should be either Yes or No. If Yes, state name, relationship, and complete address.

Column 14 (*Ticket purchased by whom*).—The answer should be either Yes or No, as the case may be.

Column 15 (*Whether in possession of $50 and whether any person has paid his passage, and if so, by whom*).—The entry should show distinctly by whom passage was paid, as self, by friend, father, brother, or other relative, United States steamship company, etc.

Column 16 (*Whether in possession of railroad ticket to interior destination, and if so, where to*).—The answer should be either Yes or No. If Yes, state where to. If ticket reads to a railroad station in a city, state the name of the city. If ticket reads to a railroad station in a State, but not in a city, state the name of the State. If ticket reads to a railroad station in the United States, but not in a State, state the name of the station. If ticket reads to a railroad station in Canada, Mexico, or Cuba, state the name of the station and the name of the country. If ticket reads to a railroad station in a country other than the United States, Canada, Mexico, or Cuba, state the name of the station and the name of the country.

Column 17 (*Whether in possession of cash, and if so, how much*).—The answer should be either Yes or No, as the case may be.

Column 18 (*Whether ever in the United States, and if so, when and where*).—The answer should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative, or friend, and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 32.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers at the examination of aliens. However, in answering question 32, when has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

If born in Canada, Ireland, or Scotland, the entry should be "Canadian," "Irish," or "Scotch," according to the birthplace of the alien. If born in the British Provinces of North America, the entry should be "Canadian," "Newfoundland," or other provinces, as the case may be.

Column 9 (*Race or people*).—The race or people to which each alien belongs should be entered on this sheet. The entry should show the race or people of which he is a member, rather than the country of which he is a citizen or subject.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax (Yes or No).*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: Read what language [or, if exemption is claimed, upon what ground]? In answering this question the figures recorded for the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement the ground for such exemption should be given.

Column 9. (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America (not Spanish descent).

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN NORTH.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894, 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax status.*—Steamship lines should make no entries in this column. The purpose is for use of Government officials only.

Column 3. *Port.*—The answer in this column should be expressed in words, not by the letter applied to coast, to the number I, 2, or 3, as the case may be.

Column 4. *Sex.*—The entry should be either M, male, or F, female.

Column 5. *Married or single.*—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 6. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, statistician, accountant, bookkeeper, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not merely laborer, engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of property they own, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this determination on the manifests issued, and instructions should be issued to their agents, by inspectors and inquiry clerks during the period of examination at the ports.

Column 8. *Able to read and write.*—This column is subdivided and contains three questions. Read what has been said in regard to exemption mentioned upon what ground. In answering this question the alien must be able to read, should he read. If the alien is able to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality.*—Question 9 should be construed to mean the country in which the person is a subject.

Column 10. *Race or people.*—See list of races enumerated on back of the blank. The entry should show the race or people to which the alien belongs.

Special attention should be paid to the distinction between race and the country of which the alien is a subject, country of last permanent residence, and country of birth, and neither should be confused or used interchangeably in any sense. For instance, French appearing under the head of race or people does not mean France by country. French, Flemish, and Walloon should be entered as races or peoples, and not as countries. Scotch, Irish, Welsh, English, Cornish, Manx, and Canadian should be entered as races or peoples, and not as countries. In the case of the following countries, should be expressly barred:

CHINA

The term "China" refers to the Chinese people not sojourners.

WEST INDIES

"West Indies" refers to the people of the West Indies, other than Cuba, Porto Rico, or Newfoundland.

AMERICA, CENTRAL

"Central America" refers to the people of Central and South American countries, other than Mexico.

AMERICA, SOUTH

"African (black)" refers to the African race, which is sometimes designated as Negro, as found in the West Indies, South or South American States, or Mexico. An alien with white or mixed blood of the African Negro should be classified as black.

ITALIAN, NORTH

The people who are natives of the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria, and their descendants, whether residents of Italy, Switzerland, America, or elsewhere, should be expressed as "Italian, north." Most of these people speak French or one of three Italian languages.

ITALIAN, SOUTH

The people who are natives of that part of Italy south of the basin of the River Po, i. e., compartments of Umbria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian, south."

Column 11. *Last permanent residence.*—Actual or intended residence for one year shall constitute permanent residence. The last country in which an alien resided with the intent, and remaining one year or more, shall be the permanent residence, notwithstanding the fact that he had been a frequent traveler to and from that country. Persons who have not acquired a home or established a last permanent residence should state the country of which they were last permanent residents. Persons who have resided in two countries for more than one year each should enter both nationality or race.

Column 12. *Can read.*—Persons who can read are not necessarily permanent residents of the United States and may return to their native land. Read the words "United States."

Column 13. *Name and complete address of person or relative whom alien will join or expects to join in the United States.*—The answer should give name and address of husband, father, mother, wife, child, brother, sister, or other relative or friend. If no such relative living, give name and address of friend.

Column 14. *Destination.*—The answer to this question shall show the intended future permanent residence. A mere intention to go to a place named shall not constitute permanent residence. The entry should be definite, as to the city, town, or village intended future permanent residence, if within the United States, or as to the country if outside the United States.

Column 15. *Whether having a ticket and whether prepaid by passage.*—The answer should be either Yes, ticket, or No, ticket.

Column 16. *Whether in possession of $50 and if not, by whom possessed.*—The entry should show definitely by whom passage was paid, as, for example, "Self," "Father," "Husband," "Mother," "Brother," "Sister," "Friend," "Steamship company," etc.

Column 17. *Whether ever before in the United States and if so, when and where.*—The answer should give, in each case, the date of last arrival and the port shown. Money brought by the head of a family should not be divided between the several members of the family.

Columns 18, 19, and 20. *Whether ever before in United States, and if so, when and where.*—The entries should show whether or not a person has been in the United States before, and if so, the year or period of years and place, as "1907, 1908, Philadelphia."

Column 21. *Whether going to join a relative or friend, and if so, what relative or friend.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23. These questions are self-explanatory and the answers, like all others on the sheet, are required to be truly given by the examination of aliens. **However, in answering question 23, if an alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.**

AFFIDAVIT OF SURGEON

I, William Stemp, Surgeon of the [illegible], do solemnly, sincerely, and truly swear that I have had 20 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Laws of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 14 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Residence (State).*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M, male, or F, female.

Column 6. *Married or single.*—The answer should be M, married; S, single; Wd, widowed; or D, divorced.

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, printer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply "engineer," "polisher," "molder," "turner," or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of means, known, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made where necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8. *Can read or not.*—This column is subdivided and contains the following question: "Read what language (or dialect) the alien is able to read (should be stated)." If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in the record. For instance, "France" appearing under the head of country does not mean a French by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien, by race might properly come under the head of race or English, Switzerland, or any other country. In this connection the following discussion should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people that Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., the departments of Piedmont, Lombardy, Venetia, and Emelia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., the departments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, shall be classed as "Italian (south)."

Column 11. *Last permanent residence.*—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining for a year or more shall be the last permanent residence regardless of length of actual residence there. The entries in Column 11 should show the country and city or town of last permanent residence. It is essential for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in the country whence alien came.*—The entry should give name and address of such relative. If no such relative, the entry should show name and address of friend.

Column 13. *Final destination.*—The answer to this question shall show the intended place of permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence within the United States; country, if outside the United States.

Column 14. *Whether having a ticket to such final destination.*—The answer will be either Y, ticket, or N, no ticket.

Column 15. *By whom was passage paid.*—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16. *Whether in possession of $50, and if less, how much.*—The answer (yes or no) must be individual to each alien, the exact amount shown. Money brought by the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax exempt.*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 5. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M (male) or F (female).

Column 6. *Married or single.*—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply "engineer," "polisher," "molder," "turner," or other indefinite designations.

Laborers.—No distinction should be made between farmers and farm laborers, regardless of the amount of money shown to be in their possession.

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Servants.—No person should make this distinction on the manifests, and corrections should be made by the inspectors and immigrant clerks during the personal examination of alien arrivals.

Column 8. *Can read and write.*—This column is subdivided and contains the following question: Can read; can write. Inspectors and immigrant clerks during the personal examination of alien arrivals.

Column 9. *If can not read and write.*—This column is subdivided and contains the following question: Can read; can write. Inspectors and immigrant clerks during the personal examination of alien arrivals.

Column 10. *If so, why exempt.*—Read what class, if exemption is claimed upon what ground." In answering this question it must be stated whether the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which person is subject. Country of last permanent residence and country of birth, and manifests should be corrected by inspectors and immigrant clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN

West Indian" refers to the people of the West Indies other than either Cuban or Negro.

SPANISH AMERICAN

Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN—BLACK

"African (black)" refers to the African Negro who either comes from Africa or from any land of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN—NORTH

The people who are natives of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, France, any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN—SOUTH

The people who are natives of that portion of Italy south of the basin of the River Po (i. e., compartments of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11. *Last permanent residence.*—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad shall be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country whence alien came.*—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13. *Final destination.*—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States, country, if outside the United States.

Column 18. *Whether ever before in the United States, and if so, when and where.*—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as 1891, 1897, Philadelphia.

Column 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Can read?" "Can write?" "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are natives of that portion of Italy north of the basin of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are natives of that portion of Italy south of the basin of the River Po (i. e., compartments of Parma, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relatives; friend; steamship company; etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1891–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply "engineer, polisher, molder, turner," or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [and if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should be as the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning to it after visit abroad should be recorded "United States."

Column 12 (*Name and complete address of person or relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, William Stamp, Surgeon of the [illegible], do solemnly, sincerely, and truly declare that I have had 20 years' experience as a Physician and Surgeon; and that I am entitled to practice as such by and under the authority of the laws of the State of [illegible], and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 44 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Note.—If a person is unable to read, the declaration must be made in the presence of a friend who can read, and who shall certify that he has carefully explained to the person making the declaration the contents of the paper he is about to sign. Deaf mutes will not be brought before the Board unless they have received a fair education and can read understandingly.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax status.*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M, male, or F, female.

Column 6. *Married or single.*—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien artisan, as for example: Civil engineer, stationary engineer, bookkeeper, cowpuncher, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the farmer who operates it.

Steamship companies should make the same distinction in the manifests, and congressmen should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8. *Able to read and write.*—This column is intended and contains the following question: Read what language (or if exemption is claimed, what exemption)? In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality.*—Question should be construed to mean the country of which the alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people races to which he belongs.

Special attention should be paid to the distinction between race and the country of which he is a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country of last permanent residence or birth, and similarly, "French" appearing under the head of race or people does not indicate whether the person belongs to the Latin, Celtic, Teutonic, Slavonic, or Hebrew race. An Irish, German, or Hebrew alien by race might properly come from the Government of France, Switzerland, or any other country. In this connection the following discriminations should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people of the Negro race.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than the Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN, NORTH.

The people who are native to the basin of the River Po in northern Italy, i. e., the compartimenti of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether in Italy, Switzerland, Austria-Hungary, Germany, or any other country, should be classed as Italian, North. Most of these people speak a Gallic dialect of the Italian language.

ITALIAN, SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartimenti of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as Italian, South.

Column 11. *Last permanent residence.*—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intent to remain one year or more shall be the last permanent residence, regardless of length of actual residence thereon. The entry in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of person or relative in country whence alien came.*—The entry should give name and address of such relative. If no such relative, he may give name and address of friend.

Column 13. *Final destination.*—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14. *Whether having a ticket to such final destination.*—The answer should be either Yes or No, as the ticket is or is not purchased.

Column 16. *By whom was passage paid.*—The entry should show whether alien's passage was paid, as self, husband, father, brother, or other relative or friend, steamship corporation, etc.

Column 17. *Whether in possession of $50, and if less, how much.*—The answer should be yes or no, as each case may be. Individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18. *Whether ever before in the United States, and if so, when, where, and how.*—The entry should show whether ever in U. S. before. Answer Yes or No. If Yes, state when, where, and how, as "1891, Philadelphia."

Column 19. *Whether going to join relative or friend, and if so, what relative or friend, and his name and complete address.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self explanatory and the answers, like all others on the sheet, are subject to verification by inspection officers at the examination of aliens. However, in answering question 21, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, William Stump, Surgeon of the ..., do solemnly, sincerely, and truly declare that I have had 20 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Laws of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 44 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 - *Ha[illegible] ship*. — Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 - *Age*. — The answer in this column should be expressed in years or (if under 1 year) in months, applying only to the nearest birthday.

Column 5 - *Sex*. — The entry should be either M (male) or F (female).

Column 6 - *Married or single*. — The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 - *Calling or occupation*. — The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stenographer, seamstress, locomotive engineer, farming, tailoress, horse trainer, steel polisher, iron molder, wood turner, etc. Entries simply as "laborer," "gentleman," "lady," or other indefinite designations are

A distinction should be made between farmers and farm laborers, regardless of the amount of money known, as follows:

A farmer is one who owns or rents a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make the proper distinction on the manifests, and correctness should be insisted upon by inspectors at registry desks during the personal examination of alien arrivals.

Column 8 - *Nationality of people*. — This column is also divided and contains the following question:

Read what language (or, if exempt or examined upon what ground)? — In answering this question the language considered the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 - *Nationality*. — Question 9 should be construed to mean the country of which such person is a citizen or subject.

Column 10 - *Race or people*. — See list of races printed on back of this sheet. The entry should show the races or peoples as given in said list.

Special attention should be paid to the distinction between race and the country of which person is subject, country of last permanent residence, and country of birth, and in all cases should be carefully revised by inspectors. Ignorant clerks in the steerage and the ordinary Teuton appear to regard the head country down as meaning "French" whatever people, and similarly, "French" appearing under the head of race or people does not mean France, but country. An Irish, German or Hebrew given as race might properly come under the heading of England, Switzerland, or any other country. In this connection the following should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than Cuban or Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other lands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN, NORTH.

The people who are native to the basin of the River Po in northern Italy, except those specified as Tuscan, and natives of Venetia and Emilia and recent descendants who claim to be of Italian race, but of Austria-Hungary, Turkey or any other country, should be classed as Italian (north). Most of these people speak a Gallic dialect of the Italian language.

ITALIAN, SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po (except certain districts in Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants who should be classed as "Italian, south."

Column 11 - *Last permanent residence*. — Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more is to be the last permanent residence regardless of length of actual residence. The entries in this column should show the country and city or town of last permanent residence. Do not use such general terms as "Austria" or "Russia." Use such terms as Bohemia, Galicia, Poland, Finland, etc., instead. Do not confuse country of last permanent residence with country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and who are returning from a visit abroad should be recorded "United States."

Column 12 - *Name and complete address of nearest relative or friend in the country whence alien came*. — The entry should give name and address of such relative. If no such relative, state the reason and address thereof.

Column 13 - *Final destination*. — The answer to this question should show the intended, bona fide permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place city or town of intended future permanent residence within the United States. Do not merely write "America" or "United States." The alien should be encouraged to write the name of the State.

Column 14 - *Whether having a ticket to such final destination*. — The answer should be either "Yes" or "No." "Yes" if ticket, "No" if no ticket.

Column 15 - *Whether the expenses of this alien were paid for by himself or by other person, and how much*. — The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 - *Whether in possession of $50, and if less how much*. — The answer should show for each and every individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 - *Whether ever before in the United States, and if so, when and where*. — Persons arriving and showing that they were in the United States before and if so, the year or years they resided and the place, as "1901-1907, Philadelphia."

Column 18 - *Whether going to join relative or friend, and if so what relative or friend, and his name and complete address*. — The answer should show whether going to join other relative or friend, and if so, what relative or friend with name and complete address.

Columns 20 to 34. — These questions are self explanatory and the answers should appear on the sheet are subject to be passed by inspection officers in the examination of aliens. However, in connection with question 21, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 *Ha[illegible] steamship lines* should make no entries in this column. The space is for use of Government officials only.

Column 4 *Age.* The answer in this column should be expressed in years or months, the latter applying only to those under one year of age.

Column 5 *Sex.* The entry should be either M (male) or F (female).

Column 6 *Married or single.* The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 *Calling or occupation.* The entry should describe as accurately as possible the occupation, trade or profession of each alien on arrival, as, for example: Civil engineer, statistician, engineer (locomotive engineer, not stationary), brass polisher, steel polisher, iron molder, wood turner, etc., and not simply "engineer, polisher," "laborer" or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made if necessary by inspectors and reentry checked during the personal examination of alien arrivals.

Column 8 *Able to read and write.* This column is subdivided and contains the following question:

Read what language, if exemption is claimed, upon what ground?" In answering this question the language in which the alien is able to read should be stated. If alien is unable to read and claims exemption on the ground of the requirement, the ground for such exemption should be given.

Column 9 *Nationality.* Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 *Race or people.* See list of races printed on back of this sheet. The entry should show the race or people to which each alien belongs.

Special attention should be paid to the distinction between race and the country of which he is citizen or subject, country of last permanent residence and country of birth, and memoranda should be carefully revised by inspectors and reentry checked on this record. For instance, "Italian" appearing under the head of country does not indicate whether the person is of the Latin, Slavic, Hebrew or Teutonic race, which might properly come under the head of Italian, Scandinavian, Finnish, Spanish, or any other country. In this connection the following directions should be especially observed:

CUBAN.

The term "Cuban" refers to the Caucasian people of Cuba. Negroes

WEST INDIAN.

"West Indian" refers to natives of the West Indies [illegible] classed as Asiatics.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish [illegible]

NEGRO (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy [illegible] compartments of Piedmont, Lombardy, Venetia and Liguria and their descendants, whether they live in Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i.e., compartments of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia; and their descendants should be classed as "Italian (south)."

Column 11 *Last permanent residence.* Actual or an intended residence of one year shall constitute permanent residence. The last country in which he has resided with the intent to remain one year or more shall be the last permanent residence regardless of length of actual residence therein. The entry in column 11 should show the country and city or town, or part thereof, to be stated. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, country of birth, nationality or race.

Country of last permanent residence of aliens who are returning to the United States and are returning from a visit abroad should be recorded "United States."

Column 12 *Name and complete address of nearest relative or friend in country specified in column 11.* The entry should give name and address of such relative. If no such relative or friend, give name and address of friend.

Column 13 *Final destination.* The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, county or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 *Whether having a ticket through final destination.* The answer should be either Yes or No (ticket or No ticket).

Column 16 *By whom was passage paid.* The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 *Whether in possession of $50 and if less, how much.* The answer should be given in each case individually, the exact amount of money shown. Money brought by the head of a family should, if the fact, be stated as the several members of the family.

Column 18 *Whether ever before in the United States; and if so, when and where.* The entries should show whether Yes or No in the United States before, and if Yes, the year or period of years and place, as, 1894, Philadelphia.

Column 19 *Whether going to join relatives or friends and if so, what relatives or friends.* The answer should show whether going to join either a relative or friend, and if Yes, who? relative or friend, with name and complete address.

Columns 20 to 33. These questions are self-explanatory and the answer, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 27, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

Note.—In case of non-compliance with the vessel's sailing-schedule by reason of which it will be necessary that the foregoing affidavit be executed before a United States Consular officer at a foreign port, a brief statement of the reason why the affidavit is executed before such officer instead of before the immigrant inspector at the port of departure should be set forth in the space provided for that purpose in the affidavit. Certificate to be executed by the master of the vessel at the port of departure before the immigrant inspector there.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Number of the ... steamship lines should make no entries in this column.* The space is for use of Government officers only.

Column 4. *Age.* The answer to this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.* The entry should be either M male or F female.

Column 6. *Married or single.* The answer should be M married, S single, W widowed, or D divorced.

Column 7. *Calling or occupation.* The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass-polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or laborer. Be indefinite or erroneous descriptions.

Aged persons should not be marked as farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm either for himself or for others.

A farm laborer is one who works on a farm for the man who employs him.

Steamship companies should mark this information on the manifests, as it can be more easily and be made more accurate by inspectors and registry clerks during the period of examination of alien arrivals.

Columns 8 and 9. *Nation and race.* This column is ably divided into two parts, the first requiring the following question to be answered: [or, if exempt as to age, must be stated.] The answer to this question determines the latter column to which the alien is added, and should be carefully noted. If alien is unable to read and claims exemption from the reading requirement, care should be taken that such exemption should be given.

Column 10. *Nationality.* Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.* See list of races quoted on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which the citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and record clerks on that regard. For instance, France appearing under the head of country does not mean French by race or people, and similarly, French appearing under the head of race or people does not mean France as the country. An Irish, German, or Hebrew alien to be race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cuban or Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether native to the mainland or to any of the islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., the compartimenti of Piedmont, Lombardy, Venetia, and Emelia, and their descendants, whether born in Italy or in the United States, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 11. *Last permanent residence.* Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with intention of remaining one year or more shall be the last permanent residence regardless of how short actual residence there. The entry in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence. Correct residence of country of temporary residence (country of both nationality and race).

Country of last permanent residence of aliens who are to permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country specified.* The entry should give name and address of such relative. If no such relative or friend, state and address of friend.

Column 13. *Final destination.* The answer to this question shall show the place to which alien's last permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town of intended future permanent residence within the United States, country, if outside the United States.

Column 14. *Whether having a ticket through to final destination.* The answer should be Yes or No, ticket or No, no ticket.

Column 15. *By whom was passage paid.* The entry should show definitely if alien's passage was paid by self, husband, father, brother, or other relative, friend, or by whom paid or otherwise.

Column 16. *Whether in possession of $50, and if less how much.* The answer should be yes or no. If an individual or family, the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18. *Whether ever before in the United States, and if so, when and where.* The entry should show whether or not Yes or No, in the United States before, and if so, the exact period of time and place, as 1913–1914, Philadelphia.

Column 19. *Whether going to join relative or friend, and if so, what relative or friend, and address.* The answer should show whether going to join either a relative or friend, and if so, what relative or friend with name and complete address.

Columns 20 to 33. These questions are self explanatory and the answer, like all others on the sheet are subject to revision by inspectors or other officers in the examination of aliens. However, to answer question 27, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax status.*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M, male, or F, female.

Column 6. *Married or single.*—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien, as, for example, Civil engineer, stationary engineer, locomotive engineer, mason, tailor, engraver, bricklayer, painter, farmer, or other pertinent designations.

A laborer should be so classified as a farmer and farm laborers, regardless of the amount of money she may have.

A farmer owns or rents and operates a farm, either for himself or for others.

A laborer works on a farm for the man who operates it.

[illegible] should make the declaration on the manifests, and corrections should be made, initialed, and dated, if necessary, during the personal examination of aliens at ports.

Columns 8, 9, and 10. *Nationality.*—The column is subdivided and contains the following questions: Read—"What is the race or people of which each person named upon what precedes?" In answering this question the language or dialect spoken in the home of the alien should be stated. If alien is unable to read and claims exemption from the reading requirement, the record for such exemption should be given.

Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people to which alien belongs.

Special attention should be paid to the distinction between race and the country of which the citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and corrected in this regard. For instance, "English" appearing under the heading "Race or people" should not be entered as the race or people, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien belongs to one of those races or peoples, irrespective of England, Switzerland, or any other country. In this connection the following notations should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence.*)—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intent to remain one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence (not country of temporary residence), country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and returning from a visit abroad should be recorded "United States."

Column 12. (*Name and complete address of nearest relative or friend in country whence came.*)—The entry should give name and address of such relative. If no such relative has immediate name and address of friend.

Column 13. (*Final destination.*)—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 15. (*Whether having a ticket to such final destination.*)—The answer should be either Yes (ticket) or No (no ticket).

Column 16. (*By whom was passage paid.*)—The entry should show definitely by whom passage was paid, as self, friend, father, brother, or other relative, friend, steamship company, etc.

Column 17. (*Whether in possession of $50, and if less, how much.*)—The answer should give in each case individual or family, the exact amount of money in hand. Money brought by the head of a family should not be divided among the several members of the family.

Column 18. (*Whether ever before in the United States, and if so, when and where.*)—The entry should show whether or not Yes or No (as the case may be) in the United States before, and if so, the year, or period of years, and place, as 1891–1895, Philadelphia.

Column 19. (*Whether going to join relative or friend; and if so, what relative or friend.*)—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—The questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers at the examination of aliens. However, in answering question 2, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax status.*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M, male, or F, female.

Column 6. *Married or single.*—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of the alien on arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, file maker, wood turner, etc., and not simply as engineer, polisher, maker, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm, or the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8. *Nationality and race.*—This column is subdivided and contains the following question. Read what language or [illegible], if exemption is to be claimed, upon what ground.—In answering this question the language or dialect the alien is able to read should be stated. If the alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See lists of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the correction between race and the country of which an alien is a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Italian" appearing under the head of country does not show an "Italian" by race or people, and, similarly, "French" appearing under the head of race or people does not show "France" to be country. An Irish, German, or Hebrew ancestry will not properly come under the classes of England, Switzerland, or any other country. In the case of aliens from the following countries they should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, other than Cuban or Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other countries of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., Piedmont, Liguria, Lombardy, Venetia, and Emilia, and their descendants, whether living in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., Compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 11. *Last permanent residence.*—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence there. These facts on column 11 should show the country and city or town of last permanent residence. For statistical purposes these steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are returning to permanent residence in the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country whence arriving.*—This entry should give name and address of such relative. If no such relative in that country, give name and address of friend.

Column 13. *Final destination.*—The answer to the question should show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14. *Whether having a ticket either through or to final destination.*—The answer should be either Yes or No, ticket or No ticket.

Column 15. *Whether in possession of $50 and if not, by whom amount was furnished.*—The entry should show definitely by whom passage was paid, as each husband, father, brother, mother, relative, friend, steamship company, etc.

Column 16. *Whether in possession of $50 and if not, by whom amount was furnished.*—The answer should give in each case individually, if a family, the exact amount of money shown. Money is to be held by the head of a family, and not to be divided among the several members of the family.

Column 17. *Whether ever before in the United States, and if so, when and where.*—The entry should show whether Yes or No, the United States before, and if so, the year, or period of years, and place, as, 1901–1909, Philadelphia.

Column 18. *Whether going to join relative or friend, and if so, what relative or friend, and address.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33. These questions are self-explanatory and the answers, like all others on the sheet, are subject to be passed by the port medical officer on the examination of aliens. However, in answering question 32, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, [illegible], Surgeon of the ..., solemnly, sincerely, and truly swear, that I have had ... (state whether Surgeon sailing therewith or employed by owners thereof) ... do years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of ..., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, ... in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit at verification shall be executed by him at the commencement of the voyage. Vertical red ink changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies (other than either Cubans or Negroes).

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America and Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as: 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax status.*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M, male, or F, female.

Column 6. *Married or single.*—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on board arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money drawn, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspectors and transferred aliens during the personal examination of aliens at ports.

Column 8. *Nationality.*—This column is subdivided and contains the following question: "Read what language (or if exempt from reading, what tongue)?" In answering this question the language or dialect the alien is able to read should be stated. If the alien is unable to read and claims exemption from the reading requirement, that fact should be stated.

Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people of which alien is a member.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and transferred clerks in this regard. For instance, "France" appearing under the head of country does not mean "French," but race or people, and, similarly, "French" appearing under the head of race or people does not mean "France," but country. An Irish, German, or Hebrew alien belongs under the proper race or people heading of England, Switzerland, or any other country. In connection the following should be especially observed:

CUBA.

The term "Cuban" refers to the Cuban people and not to race.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban or Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro who has emigrated from Cuba or the islands of the West Indies, North or South America, Europe, or Africa. An alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN, NORTH.

The people who are native to the basin of the River Po in northern Italy, i. e., the provinces of Piedmont, Lombardy, Venetia, and Liguria, and their descendants, who have emigrated to Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN, SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., comprising the provinces of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 11. *Last permanent residence.*—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence thereon. If entries under Item 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show countries of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country whence alien came.*—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13. *Final destination.*—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15. *Whether in possession of $50, and if less how much.*—The answer should be either Yes (ticked) or No (ticked).

Column 16. *Whether ticketed through to point of final destination.*—The answer should be either Yes (ticked) or No (ticked).

Column 16. *Whether any person has passage paid.*—The entry should show definitely by whom passage was paid, as: self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17. *Whether in possession of ticket, and if less how much.*—The entry should be made for each individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18. *Whether ever before in the United States, and if so, when and where.*—The entry should show whether or not Yes or No in the United States before, and if so, the year, port, and place, as: 1894, Philadelphia.

Column 19. *Whether going to join relative or friend, and if so, what relative or friend.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—The sequestions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors other than the examining surgeon. However, in answering question 2, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M, male; or F, female.

Column 6 (*Married or single*).—The answer should be M, married; S, single; Wd, widowed; or D, divorced.

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply "engineer," "polisher," "molder," "turner," or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question. "Can read what language (or if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following instructions should be especially observed.

CUBAN

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

Spanish American refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in U. S., and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1891-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M, male, or F, female.

Column 6 (*Married or single*).—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question, "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax.*—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M (male) or F (female).

Column 6. *Married or single.*—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8. *Able to read and write.*—This column is subdivided and contains the following question: "Read what language or [if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people to which alien belongs.

Special attention should be paid to the distinction between race and the country of which a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors assigned to entry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following instructions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people but not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cuban or Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence.*)—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country whence alien came.*—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13. (*Final destination.*) The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, exactly, if outside the United States.

Column 15. *Whether having a ticket to such final destination.*—The answer should be either Yes (ticket) or No (no ticket).

Column 16. (*By whom was passage paid.*—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17. (*Whether in possession of $50, and if less, how much.*—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18. (*Whether ever before in the United States; and if so, when and where.*—The entry shall show whether or not (Yes or No) in the United States before, and if so, the year or period (years) and place, as 1891, 1897, Philadelphia.

Column 19. (*Whether going to join relative or friend; and if so, what relative or friend.*—The answer should show whether going to join either a relative or friend; and if so, what relative or friend with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 23, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, William Stamp, Surgeon of the , (State whether Surgeon "sailing therewith" or "employed by owners thereof" as the case may be) do solemnly, sincerely, and truly declare that I have had 20 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Laws of the State of [illegible], and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 44 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language or dialect, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of Husband, Switzerland, or any other country. In this connection the following directions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies (other than Cuba) or other Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not Yes or No (in the United States) before, and if so, the year or period of years and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 24, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, William Skemp, Surgeon of the ..... (State whether Surgeon "sailing thereon" or "employed by owners thereof," as the case may be), do solemnly, sincerely, and truly declare that I have had 20 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the State of New York, the laws of ..... , and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 44 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male, or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as "engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Columns 8 (*Aliens can and can't read*).—This column is subdivided and contains the following question: Read what (answer [or if exemption is claimed, upon what ground])? In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the literacy requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people to which each alien belongs, as listed.

Special attention is called to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly [illegible] under the heading of England, Switzerland, or any other country. In this connection the following instructions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative is living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticketed) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give, in each case (individual or family), the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (expressed in years) and place, as, 1894, 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory, and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Med Cert[illegible] from corp in Spain, 1 Imm.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER, OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, ~~[illegible]~~ (State whether Master, First, or Second Officer) of the MONGOLIA, from VIC, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, [illegible] in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status.*)—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age.*)—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex.*)—The entry should be either M (male) or F (female).

Column 6 (*Married or single.*)—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation.*)—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write.*)—This column is subdivided and contains the following question. Read what language, or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality.*)—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people.*)—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro who hails from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence.*)—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came.*)—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination.*)—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination.*)—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid.*)—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much.*)—The answer should give in each case individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where.*)—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend.*)—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, [illegible], Surgeon of the [illegible], [illegible], do solemnly, sincerely, and truly declare that I have had [illegible] years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the laws of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, [illegible] in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE. If a surgeon sails with the vessel, this affidavit of verification shall be executed by [illegible] at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of [illegible] before some other authorized official.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given on said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people of not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, who, if residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apolia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last (permanent) residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Wm Stamp, Surgeon of the MONGOLIA, do solemnly, sincerely, and truly declare that I have had 20 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the laws of the State of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 130 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed but before commencement of the voyage; and any changes that may have occurred en route in the condition of any of the aliens must be noted upon the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before the master, authorized coadjutor, or agent.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, miner, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the utterance or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1891, 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens; however, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head of family.*—Steerage passengers should make no entries in this column. The space is for use of Government officials only.

Column 4. *Age.*—The age of infants under 1 year should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. *Sex.*—The entry should be either M (male) or F (female).

Column 6. *Married or single.*—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

Steamship companies should make the distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8. *Nation, or people.*—This column is subdivided and contains the following question: "Read what language or dialect alien can read." In answering this question the language or dialect the alien is able to read should be stated. Column 9. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people to which alien belongs.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence.*)—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M, male, or F, female.

Column 6 (*Married or single*).—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each person on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, marine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Stevedores, seamen, etc., should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Can read and write*).—This column is subdivided and contains the following question:

Read and write (language), if exemption is claimed, upon what ground?—In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people to which each alien belongs.

Special attention should be paid to the distinction between race and the country of which a citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the headings of England, Switzerland, or any other country. In this connection the following discussions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residents in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intent to remain one year or more shall be the last permanent residence regardless of length of actual residence therein. The entry in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, or country, if outside the United States.

Column 14 (*Whether has ticket to final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less how much*).—The answer should give exact amount for each individual or family; the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entry should show whether or not Yes or No in the United States before, and if so, the year, if possible (year and place, as, 1894, 1897, Philadelphia).

Column 19 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show who alien is going to join (either a relative or friend, and if so, what relative or friend) with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to review by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, William Skinner, Surgeon of the _____, do solemnly, sincerely, and truly swear that I have had 20 years' experience as a Physician and Surgeon, and that I am entitled to practice as such, by and under the authority of the laws of the State of Connecticut, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 44 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel the affidavit certificate should be executed before a consular officer at the port of departure; but if the surgeon does not sail with the vessel, the affidavit certificate shall be executed at the port of departure only by a consular officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Name in full.* — Steamship lines should make entries as last column shows. The given and family names should be entered.

Column 3. *Age.* — The age in this column should be expressed in years opposite the last name of each person to which the entry applies. Infants under 1 year of age should be entered as "Under 1."

Column 4. *Sex.* — The entry should be either M (male) or F (female).

Column 5. *Married or single.* — The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 6. *Occupation.* — The entry should describe as accurately as possible the occupation of each person, if any, even if a child or wife. If no occupation, the entry should be "None." Laborers, farmers, and servants should not be described simply as such, but should be more particularly described as "Laborer, general;" "Farmer, wheat;" "Servant, domestic;" "Laborer, coal mine;" etc.

A person classified in the manifest as a laborer, farmer, or servant will be treated as coming within the class of skilled or unskilled laborers, according to the answer to this question.

A farmer is one who operates a farm, either for himself or for others.

A laborer is one who works on a farm for the most other purposes.

Servants (except domestic servants) make this distinction: the most skilled are those who should be classified by trade, as "Cook," "Waiter," etc.; the less skilled are those who perform the household work, as "Housework," "Housekeeper," "Nurse girl," etc.; the least skilled are those who perform the menial work, as "Scullion," "Janitor," "Janitress," "Porter," "Chambermaid," etc.

Column 7. *Able to read and write.* — This column establishes the literacy test. Persons who can read and write some language should be entered as able to read and write. Persons who can read but not write, or who can write but not read, should be entered as able to read. Persons who can neither read nor write should be entered as unable to read and write. Children too young to read or write should be entered as unable to read and write. Persons who are unable to read and write are subject to the literacy test, unless they are specifically exempted from that test. The only persons exempted from the literacy test are those who are exempted by the provisions of section 3 of the Immigration Act of February 5, 1917, from all the provisions of that act. Persons who are exempted from the literacy test by the provisions of section 4 of the Immigration Act of February 5, 1917, are not exempted from the reading requirement; therefore, if such exempts can read, the fact should be so shown.

Column 9. *Nationality.* — Question 9 should be construed to mean the country of which the alien is a citizen or subject.

Column 10. *Race or people.* — See list of races printed on back of this sheet. The entry should show the race or people to which each person belongs, even if a child.

Special attention should be paid to the distinction between race and the country of which the person is a citizen, country of last permanent residence and country to which such manifested head tax should be charged. For instance, "France" appears under the head of "Countries," and "French" under the head of "Races," because people, as a rule, "French" appearing under the head of "Races" are described as natives of France, belonging to the country. An Irish, German, or Hebrew alien is usually a native of, and pays a per capita head tax to England, Germany, Ireland, or any other country. In this connection the following directions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people born in Cuba.

WEST INDIAN

The term "Indian" refers to the people born in the West Indies, and not to the Hindus or Negroes.

CENTRAL AMERICAN

Spanish American refers to the people born in Central and South America, and not to the Indians.

AFRICAN

"African (black)" refers to the Africans, Negroes, black races, etc., born in Africa, not in the West Indies, South or South America, Europe, or Asia. An alien with admixture of blood of the African Negro is still classified under this head.

ITALIAN (NORTH)

The people who are born north of the line of the Rivers Po and Arno, Italy, i.e., the compartments of Piedmont, Lombardy, Venetia, and Tuscany, and those who are of Italian race, whether living in Italy, Switzerland, Austria, Hungary, Turkey, or other countries, should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are born south of the line of the Rivers Po and Arno, i.e., the compartments of Parma, Modena, Lucca, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and those who are of Italian race, should be classified as "Italian (south)."

Column 11. *Last permanent residence.* — A total of one hundred days spent in a country during one year shall constitute a residence sufficient to establish the fact of permanent residence of persons coming from that country during the year. It should show the country or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show correct data in this column. Persons who have resided for one year or more in the country of birth, immediately previous to embarkation, should be entered as having last permanent residence in country of birth, irrespective of intervening temporary residence in other countries.

Column 12. *Whether going to join relative.* — Applies to persons who are not permanent residents of the United States and to persons in transit through the United States. The entry should be "Yes" or "No."

Column 13. *Name and address of relative.* — The entry should show the name and address of such relative. If no such relative living, state the fact.

Column 14. *Final destination.* — The answer to this question shall show the intended future permanent residence. Visitors not intending to remain permanently in the United States should be recorded "United States."

Column 15. *Whether have ticket through to final destination.* — The answer should be either Yes or No.

Column 16. *By whom passage was paid.* — The entry should show definitely by whom passage was paid, as "Self," "Father," "Husband," "Mother," "Wife," "Brother," "Friend," "Steamship company," etc.

Column 17. *Whether in possession of $50 and if less, how much.* — The answer should give in each case the exact amount. The words "Cash and Money" should be used. Certainly should not be used, as it is the practice of the immigrant to conceal the fact.

Column 18. *Whether ever before in the United States and if so, when and where.* — The name should be written "Yes" or "No" in the United States before and if so the year expressed in years and place, as "1913—New Rochelle."

Column 19. *Whether ever in prison or almshouse or supported by charitable institution; if so, what and where.* — The answer should show whether or not the alien has been in a penal institution, almshouse, or asylum, and if so, what institution, with name and complete address thereof.

Column 20. *Ultimate destination.* — The question is self-explanatory. The answer, like all other entries on the sheet, is subject to verification by immigration officers at the examination of aliens. However, in answering question 20, if the alien has in mind a point within the United States to which he desires to be transported, and he does not wish to apply for admission, the exact name of such application should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*). The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).— The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*). See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether he come from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*). The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*). The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative, friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*). The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The age for in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien, not as, for example, "Civil engineer," "mechanical engineer," "motive engineer," mining engineer," brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers as regards that of the account of means, shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the farmer who operates it.

Steamship companies should make this distinction on the manifests, and, if none should be made, if necessary, by inspectors and registry clerks doing the personal examination of aliens.

Column 8 (*Able to read and write*).—This column is to be filled in to indicate the literacy or illiteracy of aliens. Read what language (or, if exemption is claimed, upon what ground).—The answer to this question as to the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "Poland" appearing under the head of race or people does not mean "Germany" by country. An Irish, German, or Hebrew alien, as the case might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, who has come to the United States other than of the West Indies, North or South America, Europe, or Asia. Any such alien arriving in the United States or hereafter arriving in the United States from Africa should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the provinces of Italy north of the basin of the River Po, i. e., compartments of Italy, including Venetia and Lombardy, and those who have emigrated therefrom to Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives of that portion of Italy south of the basin of the River Po, i. e., compartments of Italy, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—A residence of one year shall constitute a permanent residence. The last country in which alien resided with the intention of remaining one year or more, is held to be last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city, or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and who return to the United States from a visit abroad is the United States.

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should show name and address of such relative. If no such relative is living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence for one year shall constitute permanent residence. The entry should show definitely the place contemplated as future home, not residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket through to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*Whether alien's passage paid by him or by whom paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (*Whether in possession of $50 and if less, how much*).—The answer should give in each case individual or family, the exact amount of money shown. Money brought by the head of a family should be declared as the sum of the amounts in the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) alien has been in United States before, and if so, the year or period of years and place, etc., [illegible] Philadelphia.

Column 19 (*Whether going to join a relative or friend, and if so, what relative or friend*).—The answer should show whether alien is going to join a relative or friend and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory, and the answer [illegible] all other questions are subject to correction by inspection or examination of alien.—However, in answering question 21, if alien has been [illegible] within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head tax status) —Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age.) —The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex.) —The entry should be either M (male) or F (female).

Column 6 (Married or single.) —The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation.) —The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write.) —This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality.) —Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people.) —See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien is by race must properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro who has come from Africa to the islands of the West Indies, North or South America, Europe, or Asia. An alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are natives of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence.) —Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came.) —The entry should give name and address of such relative living; give name and address of friend.

Column 13 (Final destination.) —The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 15 (Whether having a ticket to such final destination.) —The answer should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid.) —The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (Whether in possession of $50, and if less, how much.) —The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States, and if so, when and where.) —The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894, 1897, Philadelphia.

Column 19 (Whether going to join relative or friend; and if so, what relative or friend.) —The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33. —These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, S. E. WHITMAN M. D. , Surgeon of the S. S. " PHILADELPHIA ", SAILING THEREWITH , do
(State whether Surgeon "sailing therewith" or employed by owners thereof," as the case may be)
solemnly, sincerely, and truly SWEAR that I have had THIRTYNINE years' experience as a Physician

condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the headings of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro who then comes from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 29, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8: *Able to read and write*.—This column is subdivided and contains the following question: "Read what language or, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. *Nationality*.—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people; and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual organized residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to his ultimate destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1891, 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G. W. GOODMAN MASTER (State whether Master, First, or Second Officer), of the S. S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1891 1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER.

I, Canal Emmanuel, Master of the S.S. Asia, from Marseilles, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 21 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to read country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race should properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; if not, state the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners., do
(State whether "sailing therewith" or "employed by owners thereof," as the case may be)
solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of
Toulouse, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 20 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

Sworn to before me this day of , 19

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens named herein before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

I, Canal Emmanuel, Master of the S.S. Asia, from Marseilles, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, ~~X~~ 22 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question, "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, friend, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family, should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of year and place (e. g., 1901–1907, Philadelphia).

Column 19 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 35.—These questions require no explanatory and the answers, like all others, are the latter are subject to investigation by inspectors or officers in the examination of aliens. However, if answering question 20, if alien has been excluded within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

262

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do
(State whether "Surgeon sailing thereon" or "employed by owners of the vessel," as the case may be.)
solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of
Toulouse, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 6 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

NOTE.—If a surgeon sails with the vessel this affidavit of verification shall be executed before a commissioner of immigration at the port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before an officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2. *Head tax status.*—Steamship lines should make no entries in this column. The space is reserved for Government classification.

Column 3. *Age.*—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. *Sex.*—The entry should be either M (male) or F (female).

Column 5. *Married or single.*—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 6. *Calling or occupation.*—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mariner, engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not laborer, farmer, servant, porter, rubber, tanner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown in possession.

"Farmer" means one who operates a farm, either for himself or for others.

"Farm laborer" means one who works on a farm for the man who operates it.

"Servant" is not to be used when a more specific description can be obtained, and corrections should be made if necessary by the inspectors and reviewing clerks during the personal examination of alien arrivals.

Column 7. *Ability to read or write.*—This column is subdivided and contains the following question: "Can read?" "Can write?" Only aliens over 16 years of age, physically capable of reading, may be admitted if they can read the language or dialect of some country. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8. *Nationality.*—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 9. *Race or people.*—See list of races printed on back of this sheet. The entry should show the race or people to which each alien belongs.

Special attention should be paid to the distinction between race and the country of which citizen or subject, as the last previous nationality and country of birth, and manifests should be carefully examined by inspectors and reviewing clerks in this regard. For instance, "France" appearing under the nationality column may mean "French" by race or people, and, similarly, "French" appearing under the race column may not mean "France" by country. An Irish, German, or Hebrew alien born in England, Switzerland, or any other country. In this connection the following distinctions [illegible] especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the [illegible] Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11. (*Last permanent residence.*)—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country whence alien came.*—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13. *Final destination.*—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town), if intended future permanent residence, if within the United States (country, if outside the United States).

Column 14. *Whether going to join relative or friend, and if so, what relative or friend.*—The answer should be either Yes or No (not X).

Column 15. *Whether in possession of $50 and how obtained.*—The entry should show definitely by whom possessed, as part, as gift, by father, husband, mother, relative, friend, steamship company, etc.

Column 16. *Whether ever before in the United States, and if so, when and where.*—The answer should give in each case requiring it, only the exact information desired as shown. Money brought by the head of a family is not to be considered as the property of the family.

Column 18. *Whether coming to join husband, wife, father, mother, etc., in the United States; and if so, when and where.*—The entries should show relationship and (Yes or No) to the United States before and if so, the year or period of year and place, as, 1893, 1897, Philadelphia.

Column 19. *Whether going to join relative or friend, and if so, what relative or friend.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Emmanuel, Master of the 11 Asia, from Marseille, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 12 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race or people may come under the heading of England, Switzerland, or any other country. In this connection the following directions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence there to. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town of intended future permanent residence, within the United States or elsewhere, if outside the United States.

Column 14 (*Whether have prepaid through final destination*).—The answer should be either Yes or No (or the like).

Column 16 (*By whom was passage paid*).—The entry should show by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50 and if less how much*).—The answer should give in each case individual information as to the exact amount shown. Money brought by the head of a family should be stated in the case of each member of the family.

Column 18 (*Whether ever before in U. S. and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and also, the year (or period of years) and place, as 1891-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet are subject to revision by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, ..Canal Emmanuel, Master.. of the S.S. Asia , from Marseilles , do
(State whether Master, First or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets. 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien, as, for example, clerk, farmer, tailoress, engineer, locomotive engineer, mining engineer, brass polisher, steel worker, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or the rather indefinite term laborer.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for another.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is ruled and contains the following question: "Read what language [or, if exempt as to reading, upon what ground exempt]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" (race or people), similarly, "French" appearing under the head of race or people does not mean "France" (country). An Irish, German, or Hebrew alien by race might properly come under the heading of England, Scotland, or any other country. In this connection the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people of Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African people, whether coming from Caribbean islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien comes*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father; brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

271

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the "S.S. Asia", employed by owners, do solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Toulouse, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, [illegible] in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be)

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.--If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Emmanuel, Master of the S.S. Asia, from Marseilles, do
(State whether Master, First or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 30 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years for adults, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either Male or Female.

Column 6 (*Married or single*).—The answer should be M, married, S, single, W, widowed, or D, divorced.

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien above 14 years of age, whether actually employed or not. For example, a clerk, mason, engineer, miner, carpenter, blacksmith, cook, shoemaker, tailor, weaver, farmer, etc., and not simply as engineer, cooper, worker, laborer, gentleman, lady, or servant. Aliens destitute or supported by others should be so described.

A distinction should be made between farmers and laborers, as each of the annexed illustrations shows, as follows:

A farmer is one who operates a farm, either his own or that of another.

A farm laborer is one who works on a farm but does not operate it.

Steamship companies should make these descriptions the matter of an express condition of the manifest, if necessary, by inspectors and surgeons examining the passengers at the time of their arrival.

Column 8 (*Able to read and write*).—The examining surgeon should ascertain the following question: Read what language or dialect you please. Can you write? In answering this question the word "yes" or "no" will suffice. If the alien is able to read and write, but not to write in the English language, the fact should be noted. If the alien is unable to read and write, but can write in the English language, the fact should be noted. If the alien is unable to read and write, but can write in the English language, the fact should be noted. If the alien is unable to read and write, but can

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Emmanuel Master of the S.S. Asia, from Marseilles, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets. 26 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), W (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arriving (as for example: Cattle raiser, stock tender, engine driver, locomotive engineer, mining engineer, brass polisher, steel polisher, moldermaker, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations).

A distinction should be made between farmers and farm laborers regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for another.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made, if necessary, by inspectors and records clerks during the personal examination of aliens on arrivals.

Column 8 (*Able to read or not*).—This column is to be divided and contains the following question: "Read what language (or, if exemption is claimed, read what ground)?" If answering this question in the language or dialect the alien is able to read, it should be entered. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject; country of last permanent residence; and country of birth, and manifests should be corrected if revised by inspectors and records clerks in this respect. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Scotland, or any other country. In this connection the following observations should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies, other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, who therefore may be a native of the West Indies, North or South America, Europe, or Africa. An alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants shall be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for steamship purposes that steamship companies accurately show country of last permanent residence independent of country to impose entry, residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether in possession of $50, and if less, how much*).—The answer should be either Yes (ticket or no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1894 (N. Y.), Philadelphia.

Column 19 (*Whether going to join relatives or friends; and if so, what relatives or friends*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the U.S. Asia, employed by owners, do solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Toulouse, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 20 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(State whether "surgeon" sailing "with" or "employed by owners thereof," as the case may be.)

(Signature and title of immigration or other officer authorized to administer oaths.)

Sworn to before me this ..... day of ....., 19....

at .....

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, ... Anar Emmanuel Master of the S.S. Asia ..., from Marseilles ..., do
(State whether Master, Purser, or Second Officer)
solemnly, sincerely, and truly Aware that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 26 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

F. Master

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widow), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, blacksmith, steel polisher, steel molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction, the instructions and corrections should be made if necessary, by inspectors and the entry of the duties of the persons by examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language or," if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and reporting clerks in this regard. For instance, "France" appearing under the head of country does not mean "French," by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France," by nativity. An Irish, German, or Hebrew alien in this connection might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, but Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cuban or Negro.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro who then is coming from Cuba or other island of the West Indies, North or South America, Europe or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country who sends alien.*—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case individual or family the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relatives or friends; and if so, what relatives or friends*).—The answer should show whether going to join either a relative or friend, and if so, what relatives or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

277

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do
(State whether "Surgeon" sails with the vessel or "employed by owners thereof" as the case may be)
solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Bordeaux, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, ___ in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

7/1/10

Sworn to before me this ___ day of ___, 19

(Signature of U. S. immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, ... Canal Emmanuel Master of the S. S. Asia ..., from Marseilles ..., do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 20 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M, male, or F, female.

Column 6 (*Married or single*).—The answer should be M, married, S, single, Wd, widowed, or D, divorced.

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, lawyer, clerk, merchant, seamstress, miner, engineer, brass polisher, steel polisher, iron molder, wood turner, cabinetmaker, and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make thorough investigation of the occupations of aliens before arrivals if necessary, by inspectors and re-entry cards during the personal examination of aliens on arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language or, if exempt from reading, what grounds?" In answering this question the language or dialect the alien is asked to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9, *Nationality*.—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—Such list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which a citizen or subject, country of last permanent residence and country of birth, and manifests should be corrected, if required by inspectors and re-entry cards. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien may be a citizen of any country in the world, and his race might properly come under the heading of England, Scotland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether he came from Cuba or other parts of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are natives of the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants, should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intent of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and who have come from abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence for one year shall constitute permanent residence. The country should show definitely the place, city, town, or village of intended future permanent residence, if within the United States, county, if outside the United States.

Column 15 (*Whether having previously been in the United States or not, and if so, when and where*).—The answer should be either Yes or No, ticketed or No, not ticketed.

Column 16 (*Whether transportation was paid for by the alien or by other persons or by the government, and if by other persons, whether by relatives, friends, or by employers*).—The entry should show definitely by whom passage was paid, as: Self; husband, father, brother, or other relative; friend, steamship company, etc.

Column 17 (*What is the alien's calling or occupation, and how much money has he in his possession, if any, and if less than $30, how much?*).—Money brought by the head of a family should not be divided among the several members of the family, but the exact amount of money shown in the individual certificate of each.

Column 18 (*Whether going to join relatives, and if so, what relatives, and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as: 1894, 1895, Philadelphia.

Column 19 (*Whether going to join relatives or friends, and if so, what relatives or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to review by inspection officers in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do
(State that the Surgeon "sailing therewith" or "employed by owners thereof," as the case may be)
solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Toulouse, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 30 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration officer or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Emmanuel, Master of the S.S. Asia, from Marseilles, do solemnly, sincerely, and truly aessie. that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets. [illegible] in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

(State whether Master, First, or Second Officer)

[illegible] Officer.

Sworn to before me this [illegible] day of [illegible], 19

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien named. For example, Civil engineer, mining engineer, locomotive engineer, mining engineer, boiler maker, steel worker, iron molder, wood turner, etc., and not simply as engineer, worker, molder, turner, or laborer.

A distinction should be made between farmer and farm laborer, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and recorded during the personal examination of the arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, tell what language)?" In answering this question the language or dialect the alien last read should be stated. If alien is unable to read and claims exemption from the reading requirement, the record for such should be left blank.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and reading clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following instructions should be especially observed:

CUBAN

The term "Cuban" refers to the native people of Cuba.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the Negroes, whether coming from Africa or the islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

HEBREW

This term should not be used to designate race or people.

ITALIAN (NORTH)

The people who are natives of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Liguria) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Tuscany, Umbria, the Marches, Latium, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence to be established, length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of the country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question should show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city, or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom aliens passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of $50, and if less how much*).—The answer should give in each case individual or family, the exact amount of money shown. Money handed by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, e. g., 1891, 1897, Philadelphia.

Column 19 (*Whether going to join relatives or friends, and if so, what relatives or friends*).—The answer should show whether going to join either a relative or friend, and if so what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to reexamination by inspectors or others in the examination of aliens. However, in answering question 20, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Toulouse, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 30 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(State whether Surgeon sailing "herewith" or "employed by owners thereof," as the case may be)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax, 1917*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M for male or F for female.

Column 6 (*Married or single*).—The answer should be M married, S single, Wd widowed, or D divorced.

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each person aged 14 years and over, such as clerk, farmer, laborer, merchant, tailor, cook, servant, blacksmith, seamstress, milliner, dressmaker, bookkeeper, stenographer, typewriter, accountant, engineer, author, editor, lecturer, musician, actor, artist, painter, sculptor, electrician, mechanic, machinist, plumber, miner, farmer or planter, or laborer. Persons of no occupation should be so stated. Do not simply write "laborer" or "servant" unless the person has no trade. Specify the character of work in which he is engaged, as bricklayer, mason, carpenter, engineer, cabinetmaker, tailor, dressmaker, etc., and not simply as engineer, polisher, maker, tailor, seamstress, or dressmaker. Do not use the terms "merchant" or "manufacturer" unless the person has employees. Do not write "agent" unless he is a commercial traveler or has employees. Do not write "clerk" unless he is employed in a store. Do not write "student" unless he is studying for a profession. Do not write "driver" unless he owns his team or has employees. Do not write "contractor" unless he has employees. Do not write "teacher" unless he is a professional teacher. Do not write "collector" unless he collects bills or accounts. Do not write "dealer" unless he has employees. Do not write "manufacturer" unless he has employees. Do not write "broker" unless he has employees. Do not write "agent" unless he is a commercial traveler or has employees. Do not write "clerk" unless he is employed in a store. Do not write "student" unless he is studying for a profession. Do not write "driver" unless he owns his team or has employees. Do not write "contractor" unless he has employees. Do not write "teacher" unless he is a professional teacher. Do not write "collector" unless he collects bills or accounts. Do not write "dealer" unless he has employees. Do not write "manufacturer" unless he has employees. Do not write "broker" unless he has employees.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make these distinctions on their manifests, and corrections should be made, if necessary, by inspectors and reservation clerks during the special examinations of alien arrivals.

Column 8 (*Able to read and write*).—This column is also provided and contains the following question: "Read what language (or, if exemption is claimed, state what exemption)?" In answering this question the language or dialect the alien is able to read should be stated. Unless unable to read and claiming exemption from the reading requirement, the word "yes" in such connection should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which the alien is a citizen or subject.

Column 10 (*Race or people*).—See the table printed on back of this sheet. The entry should show the race or people as given in said table.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and reservation clerks in this regard. For instance, "Hebrew" appearing under the head of country does not mean French, German, or English, and similarly, "French" appearing under the head of race or people does not mean that the persons described are citizens of France. So certain Arabs, Germans, or Hebrews born in Russia are entitled properly to be returned as such, and not as Russians. Persons born in Ireland, Scotland, Wales, or England should be returned as natives of Ireland, Scotland, Wales, or England, and not as natives of Great Britain. Persons born in Canada should be returned as natives of Canada, and not as natives of the British Provinces. Persons born in Mexico should be returned as natives of Mexico, and not as natives of Spain. Persons born in Cuba should be returned as natives of Cuba, and not as natives of Spain. Persons born in Porto Rico should be returned as natives of Porto Rico, and not as natives of Spain. Persons born in the Philippine Islands should be returned as natives of the Philippine Islands, and not as natives of Spain. Persons born in the Hawaiian Islands should be returned as natives of the Hawaiian Islands, and not as natives of Spain. Persons born in the Canal Zone should be returned as natives of the Canal Zone, and not as natives of Panama. Persons born in the Virgin Islands should be returned as natives of the Virgin Islands, and not as natives of Denmark. Persons born in the Danish West Indies should be returned as natives of the Danish West Indies, and not as natives of Denmark. Persons born in the Dutch West Indies should be returned as natives of the Dutch West Indies, and not as natives of Holland. Persons born in the French West Indies should be returned as natives of the French West Indies, and not as natives of France. Persons born in the British West Indies should be returned as natives of the British West Indies, and not as natives of Great Britain. Persons born in the British Virgin Islands should be returned as natives of the British Virgin Islands, and not as natives of Great Britain. Persons born in the British Leeward Islands should be returned as natives of the British Leeward Islands, and not as natives of Great Britain. Persons born in the British Windward Islands should be returned as natives of the British Windward Islands, and not as natives of Great Britain. Persons born in the British Guiana should be returned as natives of the British Guiana, and not as natives of Great Britain. Persons born in the British Honduras should be returned as natives of the British Honduras, and not as natives of Great Britain. Persons born in the British Solomon Islands should be returned as natives of the British Solomon Islands, and not as natives of Great Britain. Persons born in the British Gilbert and Ellice Islands should be returned as natives of the British Gilbert and Ellice Islands, and not as natives of Great Britain. Persons born in the British Pacific Islands should be returned as natives of the British Pacific Islands, and not as natives of Great Britain. Persons born in the British Indian Ocean Territories should be returned as natives of the British Indian Ocean Territories, and not as natives of Great Britain. Persons born in the British Sovereign Base Areas should be returned as natives of the British Sovereign Base Areas, and not as natives of Great Britain. CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN BLACK.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro shall be classified under this heading.

ITALIAN NORTH.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, France, or other countries, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence thereto. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of immediate residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and address of person to whose relatives or friends in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes or No ticket or No no ticket.

Column 16 (*If not, whether in possession of $50, and if less than $50*).—The answer should be given in each case individual or family. The exact amount of money shall not be stated. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 19 (*Whether going to join relatives or friends, and if so, what relatives or friends*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspectors and others in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship companies should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Clerk or engineer, but not civil engineer, mining engineer, naval engineer, consulting engineer, etc.; tailor, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, teacher, and laborer or laundress.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for another.

A farm laborer is one who works on a farm for the more or less permanent benefit of another.

Steamship companies should make the above distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the process of examination of alien arrivals.

Column 8.—(*Able to read and write*).—This column is divided and contains the following question: "Read what language, if exemption is claimed, upon what ground?" In answering this question the language over which the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9. (*Nationality*).—Question 9 should be construed to mean the country of which the alien is a citizen or subject.

Column 10. (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French," but one of the peoples and markets, "French" appearing under the head of race or people does not mean "France" as a country. So, too, German, or Hebrew, as to race might properly appear under the head of any of the countries of Europe, Asia, or America, and not necessarily "Germany" or "Russia."

ITALIAN (NORTH).

The people who are native to the basin of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence, regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13. (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place, city or town, of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15. (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16. (*Whether has passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17. (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (no individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided as to the several members of the family.

Column 18. (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1894, 1897, Philadelphia.

Column 19. (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether he come from Colonies or the islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

AFFIDAVIT OF SURGEON

285

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do
(State whether "Surgeon" sailed thereon" or "employed by owners thereof," as the case may be)
solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician

Roulouse, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, [illegible] in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

I, Canal Emmanuel Master of the S. S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widow(er)), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 15 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 16 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 17 (*Whether in possession of $50, and if less how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1891–1897, Philadelphia.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 33.—These questions are self explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of alien. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Emmanuel Master (State whether Master, First, or Second Officer) of the S.S. Alsia, from Barcelona, Spain, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the heading of many races does not mean "French" by race or people, and, similarly, "French" appearing under the head of citizen or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants who are residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence for one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entry in this column should show both country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12. *Name and complete address of nearest relative or friend in country whence alien came.*—The entry should give name and address of such relative. If no such relative is living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question should show the intended future permanent residence. An intended residence of one year should constitute sufficient basis for entry. The entry should be "Self," the place of residence of intended future permanent residence, if within the United States, or "Through" if for the United States.

Column 14. *Whether having a ticket through to such destination.*—The answer should be either Yes (ticket) or No (no ticket).

Column 15. *Whether any relative or friend has paid passage or transportation.*—The entry should show the name of the person who paid for the passage of the alien, and the relationship, if any, of such person to the alien, as wife, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16. *Whether in possession of $50, and if less, how much.*—The answer should be given, each head of family the exact amount, if more than $50. Money brought by the head of a family should not be considered as the property of the other members of the family.

Column 17. *Whether ever before in the United States; and if so, when and where.*—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of year and place, as, 1901, 1905, Philadelphia.

Column 18. *Whether coming to join relative or friend; and if so, what relative or friend.*—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 29 to 33.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to inspection by immigration officers in the examination of aliens. However, in answer to question 28, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

289

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Toulouse, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 29 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(State whether "Surgeon" as such "employed by owners thereof," as the case may be.)

Chaix

(Signature and title of immigrant inspector before whom declaration is made.)

NOTE.—If a surgeon sails with the vessel, the affidavit of verification shall be executed before the immigrant inspector at the port of arrival, and any changes that may have occurred en route in the condition of any of the aliens mentioned in the manifest shall be noted thereon before the affidavit is executed.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

NOTE.—Full text of question 24 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Commanding Master of the S.S. Asia, from Southampton, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly declare, that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widow), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: Read what language [or, if exemption is claimed, upon what ground]?—In answering this question the manner or direct the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject. Country of last permanent residence and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" (race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following directions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence thereon. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should be name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to the question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show the city, town, or place of intended future permanent residence within the United States or elsewhere outside the United States.

Column 14 (*Whether have a ticket to final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case opposite the name of the head of a family the exact amount of money shown. Money brought by the head of a family should not be included among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year or period of years and place, as, 1901–1907, Philadelphia.

Column 19 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 34.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors or others in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the Fr. Asia, employed by owners, do solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of Boulogne, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, [illegible] in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Canal Emmanuel, Master of the S.S. Asia, from ~~Havre~~ Barcelona ~~Lisbon~~ do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 11 & 20 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

(State whether Master, First, or Second Officer)

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: Read what language [or, if exempt, in what claimed, upon what ground]? In answering this question the examining officer will bear in mind that the alien is able to read if he can read any language. If the alien is unable to read and claims exemption from the reading requirement the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully corrected by immigrant inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not indicate "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien should not be recorded properly come under the headings of England, Switzerland, or any other country. In this connection the following instructions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or intended residence for one year shall constitute permanent residence. The last country in which alien people [with the intention of permanency one year or more] shall be the last permanent residence regardless of length of actual residence. The entries in Column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that aliens be questioned accurately as to country of last permanent residence independent of country of intended residence, country of birth, nationality, or race.

Citizens of last permanent residence who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—Entry should show name and address of nearest relative living in country whence alien came.

Column 13 (*Final destination*).—The answer to the question shall show the city, county, and State of permanent residence. Aliens in transit to contiguous foreign countries should be recorded as "in transit" to the country of intended future permanent residence, if known, and if not known, as "in transit" to the United States.

Column 15 (*Whether ticket was purchased by alien or by others in his behalf, and whether in the United States or abroad*).—The answer should be either Yes (ticket) or No (money).

Column 16 (*Whether in possession of $50 and how paid*).—The entry should show definitely by whom passage was paid, as, for example, husband, father, brother, or other relative (state name), friend (state name), etc.

Column 17 (*Whether ever before in the United States, and if so, when and where*).—The answer should give in each case the date and place of previous visit.

Column 18 (*Whether going to join a relative or friend, and if so, what relative or friend, with name and complete address*).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to re-inspection by the officers in the examination of aliens. However, if answers to questions 20, 21, and 22 show that an alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF SURGEON

I, Chaix Antoine, Surgeon of the S.S. Asia, employed by owners, do
(State whether Surgeon sailing therewith or employed by owners thereof, as the case may be)
solemnly, sincerely, and truly declare that I have had 22 years' experience as a Physician
and Surgeon, and that I am entitled to practice as such by and under the authority of Academy of Medecine of
Toulouse, and that I have made a personal examination of
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 26 in number, according
to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical
condition of such aliens.

NOTE.—If a surgeon sails with the vessel, the affidavit of verification shall be executed before a commissioner at the port of arrival, and any changes that may have occurred en route in the condition of any of the aliens mentioned herein noted by the surgeon shall be reported in the affidavit executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some other authorized officer of the law.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.
